Online store for shops in Oman

# Your online shop, ready to sell across Oman.

A fast store in Arabic and English with everything built in: products, orders, discounts and invoices, all run from one simple dashboard.

## For your customers

**Arabic and English**
Full right-to-left Arabic, switched with one tap.

**Made for phones**
Clear and easy on any screen, in light or dark mode.

**Pay their way**
Cash on delivery, with online payment by Visa or Apple Pay available to switch on.*

**Accounts and order tracking**
Order history, order status, wishlist, and cancelling before confirmation.

**Back-in-stock alerts**
Customers ask to be told, and get a notice in their account.

**Reviews they can trust**
Only people who bought the product can rate it.

## For you

**Products and stock**
Add photos and prices in both languages. Stock updates with every order.

**Orders and payments**
Set each order's status and payment separately, from one screen.

**Discounts and coupons**
Run sales with end dates and create your own coupon codes.

**Invoices and sales reports**
Print invoices or save them as PDF, and export your sales to a spreadsheet.

**Order alerts and customer contact**
New orders alert you in your dashboard, and customers can contact you about a purchase or for help. Email, Telegram or WhatsApp API alerts can be added later.

**No commission**
We take no percentage of your sales.

## How it works

1

**Send your details**
Your products, photos, logo and delivery prices.

2

**We build your shop**
Set up with your name, your catalogue and your settings.

3

**Start taking orders**
Share your link and manage everything from your dashboard.

**See it working**
Open the live demo on your phone or computer.
